

“Part – financed by the European Union”

PRESS RELEASE

Among the activities developed in **TRAINING4PORT project**- Building Competency-based Training for Port Sector Labour Force in a supportive environment, financed by **START – Danube Region Project Fund**, is part also development of a port workforce market research. This research was carried out in the WP2- Port workforce market research and it is shown under the following documents:

- **STRATEGY** for the implementation of a training system based on the revised framework of the jobs and competencies of the port workforce; and
- **ACTION PLAN** for the achievement of the strategic objectives identified in the strategy for the implementation of a training system based on the revised framework of the jobs and competencies of the port workforce

These documents were developed, both through the contribution of specialists from the contracted consultancy company and by the contribution of the specialists from the authorities, trade unions organizations and the relevant stakeholders from the port sector, who participated on the consultancy meetings organized in this project on the topic of port workforce and their competencies. The information provided by these authorities, trade unions organizations and port operators were really useful during the port workforce market research.

The aforementioned documents will be available both in Romanian and in English language, on the project website www.training4port.asdei.od.ua and will can be consulted by all those interested.

Project Manager TRAINING4PORT
